## **FJORD Felted Eyeglass Case** **(or use it as an iPod cozy)**

designed, knit and felted by Sandi Rosner for Crystal Palace Yarns

Make one of these great cases for every pair of glasses you own. Thick cushy felt offers great protection for your eyewear. You'll love at the way the colors blend and soften when you felt the printed colors of Fjord!

### **Materials:**

1-50 gr ball [Crystal Palace Yarns Fjord](#)  
shown in color #9809 Fall Herbs  
(click link just above to see all the 13 printed colors of Fjord)  
1 pair [Crystal Palace Bamboo Needles](#)  
or [DAISY Needles](#) size 10  
Size I crochet hook  
One great looking button

### **Knit it:**

Cast on 10 sts.  
Working in garter stitch (knit every row), increase 1 stitch at the beginning of every row 20 times – 30 sts on the needle.  
Continue in garter stitch without further shaping for another 60 rows.  
Bind off.  
Bring bound off edge to about ½" below beginning of shaping. Sew side seams. With crochet hook, attach yarn to point of flap and make a crochet chain for the button loop. Weave in ends.

above - case open with glasses inside

### **Felt it:**

Put the case in your washing machine. Use the lowest water level, the hottest temperature, a little detergent, and the roughest agitation. The sample took about 10 minutes, but your machine may produce felt faster or slower. Check your case after 5 minutes, and every 2 minutes after that. When individual stitches are no longer apparent and the case has shrunk to the right size, drain the soapy water, rinse your case, and let it go through the spin cycle briefly to get the water out.

### **Shape it:**

Tug and smooth your eyeglass case into shape. Don't be afraid to put some muscle into it. The felt is strong – you really can't hurt it. Let the case air dry.

### **Finish it:**

Sew button into place.
